

the Mullers

missionaries to Mexico

With all praying also for us, that God would open unto us a door of utterance... Colossians 4:3

Greetings to all,
It is always a privilege to write to you with some of the things the Lord is doing in this ministry you co-labor with. We are thankful for your support and prayers on our behalf.

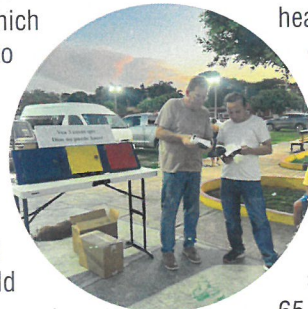

Leaving spring behind, we moved into the summer months full steam ahead. We have a few regular events scheduled every year. Our Children's Day (it's a national holiday here) which always gives us an opportunity to invite kids to our church and have a fun time while they hear the gospel. As is the case in most of our ministries, everything we do we do is triplicate because not only do we have the church in the city but we also have 2 villages where we hold weekly services.

This year we have not scheduled mission trips with churches as much as in other years, but we did receive a youth group from Washington, and they came and worked in our ministries, we prepared for the VBS we held the week after they left, we did some maintenance on our building, and we did some evangelism a village called Ixil.

While they were here, we held a large Youth rally with several other local churches and it was a very fruitful time, with over 150 teens in attendance, several teens making commitments with the Lord and some visiting teens receiving Christ, all in all it has been a very fruitful summer.

We had our 4th Annual Missions Conference and

Sending Church: Open Door Baptist
Pastor Jason Murphy
177014 44th Ave W
Tuxtla Gutierrez, Chiapas, Mexico

had 3 missionaries in to present their field. One who ministers in Cuba, another going to Chile and a veteran missionary who has been in Guatemala for over 30 years. It was a blessing, and we look forward to increasing the number of missionaries we support.

At the end of May I suffered a heart attack. The truth is I didn't really recognize anything that I would call a heart attack. I went to our doctor for a consultation about a hernia and he did a few preliminary tests to see if I was fit for surgery and discovered what appeared to have been a very recent heart attack. After a visit with a specialist, it was confirmed and the cardiologist wanted me to have surgery that same day. I had about 65-70% blockage of a main coronary, and that afternoon he placed 2 stints in my heart. Needless to say, it set us back quite a bit, but we are grateful for the extension on my life to preach the gospel in Yucatan. By God's grace I am returning to my preaching ministry and Liz, and I are so blessed to work with a great congregation that co labors along with us with love for the Lord. Your prayers are much appreciated and we ask that you continue to keep us in prayer as far as our health is concerned.

Thank you and may the Lord continue to give you the increase.

Thank you and God bless
Bro Mitchell Muller
