September/October 2024

Dear Friends,

Did you notice we have a new address? After a long spring and summer of being somewhat “homeless” we are finally settling into our own home in Texas! Let me go back to last Spring when we sent out our last newsletter. We felt that it was time and the Lord was leading to sell our home in Ohio where we had lived for the last 17 years, and move closer to our daughter in Texas. Also there were many churches there that had not heard of Fellowship Tract League, and it was a whole new mission field for presenting the ministry!

So the work began of preparing to put our home on the market, and to buy a home here in Texas. To show how awesome God works..... there was an old farmer who lived between our home and FTL. I would go often by his place, and sometimes stop and witness to him. He believed that his good works would suffice in getting him to Heaven. The day before our home was to be listed on the market, I stopped again and told him we were moving. He asked about our place and said his son was looking for an acreage, and could he come look at it right now. The rest is history!!!! God is so good!!!

It was a challenge to dispose of all our “stuff”. It’s amazing how much a person can accumulate through the years. We donated a lot of things to various charities. We sold most of the furniture since we were downsizing from 3 stories to a small 1 story, and everything but the clothes on our back went into storage. Amazing what little a person really needs.

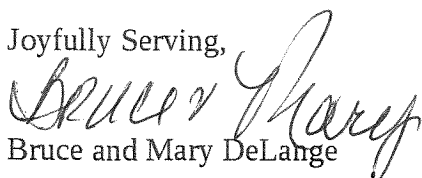

Since our home in Ohio sold so quickly, and ours in Texas wouldn’t be ready til August, we needed a place to stay for awhile. We are so thankful for dear friends in Bridgeview, Illinois. Pastor Bill Clark and his church graciously let us stay in their mission house for several weeks. They have been precious friends for more than 35 years!

One great blessing being here is that we are only 10 minutes from our daughter. She and her husband have been an awesome help with unpacking, getting all utilities hooked up, and all the things that come with a move! We didn’t realize how settled we were in Ohio, and we sure do miss our church family.

Health has been a challenge for me through this, and I have had to slow down per doctors orders. I am doing just Sunday morning meetings for now. Hopefully as time goes by, I can be doing more. I sure do want to keep busy for the Lord. One thing I have been able to do is pass out many tracts and talk to people about the Lord. There are sooo many people here, all with a soul, and headed to Heaven or Hell!

Thank you for your faithful support and especially for your prayers. We are so blessed that you would talk to God on our behalf. Our prayer for you is that God would bless abundantly. Pray for our country that she would turn back to God. And may we be faithful in doing our part to reach others for Jesus.

Joyfully Serving,

Bruce and Mary DeLange
