Dearly beloved,

14th June, 2022

Greetings to you in the mighty name of Jesus Christ, our Lord and Saviour. I hope all is well with you and your family. Firstly, I want to thank you from the bottom of my heart for your constant prayers and generous financial support. I am doing well both physically and spiritually, continuing with the work of the Lord, bringing souls to the kingdom. I am thankful for God's grace, for I know it's not by our might or power, but it's by the Spirit of the Lord. Glory to His holy name!

In the month of April, we travelled to Bidar to attend 32nd anniversary of Galilean Baptist Church. The church was packed and they had to set up chairs outside on the streets to accommodate everyone. We had a wonderful time celebrating God's faithfulness and enjoy His invigorating Word. We loved the fellowship with these folks and they were very happy to see my wife after a long time. I love this church and the atmosphere it brings during our visits. A lot of times we have casually talked among ourselves and wished that these meetings never end. But we know, "To everything there is a season, and a time to every purpose under the heaven." We praise God for His divine leading.

On the same trip, we visited a place near the border of our state called "Aurad". Just outside the town, there's a group of people who are like "nomads". They live in tents made out from dried palm fronds, old rag clothes and waste plastic. They go begging during the day and they go hunting during the night. A group living not far from the town, in midst of civilization but seem very disconnected from the modern world. When we went there, we had a very different experience like no other. Our pastors have been reaching out to this group with the gospel. Since they are at the border, they are familiar with multiple dialects. They were happy to gather to sing songs of praise and listen to the Word. We had a very special time. We were able to distribute Audio Bibles to all. I pray and hope to keep visiting them often to strengthen them in the faith. We know that the truth will set them free not just from the burden of sin but every curse of poverty, sickness and sorrow that sin entails. Glory to God that we have hope to offer through our Lord Jesus Christ, even to the hopeless destitute and God is able to save them to the uttermost. Please remember them in your prayers.

On March 20th, we had a special meeting in our church with 7 more pastors ordained into the ministry work. I keep quoting the Bible about this always that "The harvest truly is plenteous and labourers are few;" But our God is faithful and He is calling more and more people for His work and we praise and thank His mighty name. Please continue to pray for God's protection and providence over our people. It is growing more and more hostile for Christians and we are just clinging to God's hands. It is by the power of His sustaining grace that allowed us to endure. We Thank God for answering the prayers of His people and allowing us to continue serving the Lord together with you. Thanks to all of our beloved brethren for their love and great concern for us.

Please keep us in your prayers. We need it more than ever or anything. Be rest assured of our prayers for you and your family. We love you all. May God bless you abundantly and use you for His glory!

Yours in His service

Isaac Bhasme
